LE COLOMBIER DE BROWN ROUGE

2019

The château's second wine, "Le Colombier de Brown" refers to the historic 18th-century building that still stands on the estate. Made with the same meticulous attention to detail as the Grand Vin, its character is more fruity and supple. A beautiful expression of gourmandise that makes it immediately accessible in its youth.

TASTING NOTES

« A lovely dense crimson colour. Aeration reveals berry aromas with a discrete smoky touch.
The attack is generous and full. Fleshy in mid palate with noticeable alcohol. The finish is long and structured with powerful tannins.
The long finish suggests great potential for ageing. »
